(b) an Impact Fee in accordance with this By-law.

3(2) The Impact Fee must be paid prior to the issuance of any building permit or development permit for the development in respect of which the Impact Fee applies.

3(3) For greater certainty, where both a building permit and a development permit are issued in respect of a development, only one Impact Fee is payable under clause 3(1)(b).

3(4) Where the Impact Fee in respect of a development:

- (a) has been paid;
- (b) has not been refunded by the City; and
- (c) the development authorized by the building permit or development permit applicable to that development has not been completed,

the Impact Fee paid shall be credited towards any subsequent Impact Fee payable under this By-law in respect of a building permit or development permit issued for the land on which the original development was located within 5 years of the date the initial Impact Fee was paid.

Impact Fee calculation

4(1) Subject to subsection (3), the Impact Fee payable in respect of a development is the product of the total floor area that is being constructed or converted multiplied by the fee per square metre established by Council for the fee category applicable to the development.

4(2) For the purposes of subsection (1), the following fee categories are hereby established:

- (a) Residential Uses;
- (b) Office Uses;
- (c) Commercial and Retail Uses;
- (d) Public and Institutional Uses; and
- (e) Industrial Uses.

4(3) Subject to subsection 6(1), where all or part of an existing building is being converted, expanded or replaced, the amount of the Impact Fee payable is the difference between the amount of the Impact Fee applicable to the converted, expanded or replacement building less the amount of the Impact Fee that would have been payable for the existing building prior to its conversion, expansion or replacement if the

Impact Fee determined in accordance with current rates were applicable to it. Where the difference is \$0.00 or less, no Impact Fee is payable and no refund shall be issued.

Mixed use development

5(1) The Impact Fee payable in respect of mixed use development shall be calculated separately for the floor area of the development that falls within each fee category in accordance with subsection 4(1).

5(2) For the purposes of subsection (1), common areas within mixed use development shall be attributed proportionately to each fee category based on the proportion of the floor area of the entire development that falls within each fee category.

Exemptions

6(1) Notwithstanding subsection 4(1), no Impact Fee is payable in respect of residential development on land where

- (a) one or more existing dwelling units are being renovated, expanded or, replaced; and
- (b) there is no increase in the total number of dwelling units on that land.

7(2) Where, after being issued, a building permit or development permit is amended in a way that results in an increase in floor area or a change in the fee category applicable to all or part of the development, the person to whom the building permit or development permit has been issued must pay an additional Impact Fee which reflects the increase of floor area or change in fee category, as the case may be. The additional Impact Fee is the difference between the Impact Fee payable in respect of the development authorized by the amended permit less the Impact Fee that either was paid or would have been payable in respect of the development authorized by the original permit. Where the difference is \$0.00 or less, no Impact Fee is payable and no refund shall be issued.
